

ADULT IMMUNIZATION POLICY AND PRICES effective 9/8/2011

- Immunizations are high-cost items for MedPeds and are therefore treated as Self-Pay items except:
 - Medicaid** - Adults over 18 must pay for immunizations. We are allowed to collect.
 - Medicare** - Covers HepB , pneumonia and flu vaccines only. No pre-pay for those vaccines.
 - Other Insurance** – Flu and tetanus covered by most insurance companies. No pre-pay if insured.
- All other adult immunizations must be paid in full before they will be administered.
- MedPeds will bill insurance as a courtesy. If the insurance company also pays, we will refund the patient for any overpayment
